REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: After a review of the prior art of record, it is believed that the present invention is novel and non-obvious wherein no art discloses a rigid pipe formed from a plurality of first elongated, articulated pipe halves connected to a plurality of second elongated, articulated pipe halves with each articulated half formed as a chain of rigid, semi-cylindrical pipe sections joined together in series at their opposing ends by hinges, wherein each first elongated pipe half comprises a locking means that is complimentary to a locking means on the opposing rigid pipe section of the second elongated pipe half, wherein the two halves are progressively connected to each other to form a pipe of desired length. The closest references, **SE 459,267**, discloses two halves of sheet material that are brought together to form a hose, but the two sheets are of flexible material that is initially flattened and then curved to form a pipe half, therefore is not "rigid". The sheet material is a continuous sheet of material rolled on reels and not a plurality of pipe sections connected to each other at each end by hinges. After considering Applicant's arguments and further review of the prior art, it is believed that it would not be obvious to modify the sheets of the **'267** reference to separate them into a plurality of pipe portions and provide hinges on each end.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Patrick F. Brinson** whose telephone number is (571) 272-4897. The examiner can normally be reached on M-F 7:30-3:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, **Kevin P. Shaver** can be reached on (571) 272-4720. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
